(Receipts for all in file)	2009 copies	\$ 53.30

Brandy explained the sign up fees & how the club operates. Explained how with memberships & sign up fees, this club can be self sustaining & pay for the awards. Everyone needs to recruit their horseshow friends to participate in Farwest.

Brandy made a motion that we add a Masters Category to our list of Categories for awards.
Loris 2nd'd the motion
Vote passed with no objections

Brandy will be going to the ApHC Annual March Meeting which will be in Dallas, TX this year. Discussion was given on the 2-Judge Proposal which needs to be voted on at the March meeting. Brandy has a good consensus of the way our club membership feels about this proposal. Let each region decide what works for them.

Discussion was given about the Novice Non-Pro cap at 20 points. Several members not happy with the 20 point cap which means once you have reached 20 points in a discipline, you are out of NNP in that discipline. Most of the concern is directed at Showmanship.

Discussion was given on the ApHC new program of charging members to look up information on the computer. Most feel as long as you are looking up information on yourself, family

members or horses you own personally, there should be no charge as that is what they feel the membership fees are for.

Discussion was given on HYPP status for ALL horses. All HYPP horses should have their status in all advertising especially at the time of such events as the World Sale or advertising in the AJ.
